

## FAQ's

### ***What should I wear?***

We supply the drape for the girls and the tux top for the guys. After that it is your choice of the outfits you desire to be photographed in. Some bring uniforms, jeans, khakis, shorts, swim suits. Girls may opt to bring prom dresses and other formal wear. Boys may want suits and ties. Mostly, however, seniors bring what they like to wear and what they feel comfortable in.

### ***Can I bring a friend, pet, parent, brother or sister?***

Sure, and there is no extra charge! We can take one or two shots with them as part of your session.

### ***Can I order just wallets?***

Yes. You do however get a better price when adding them onto a package. For that matter, you can order anything you wish, but again, packages are usually a better deal.

### ***When do I pay?***

You pay for the session the day of your appointment. One half of your order is due when placed and the balance when the finished order is completed.

### ***Can I pick my own backgrounds?***

You bet. We usually suggest backgrounds based on the clothing that you bring. If you want a specific background, just ask. It is a good idea to bring extra outfits so we can match the background you want.

### ***Can I bring props?***

YES! Your props mean more to you than ours, so it is a good idea to bring your own. Consider sports, musical instruments or hobbies. Trophies, awards, and uniforms also make good props.

### ***What about zits?***

No problem. We can take care of them for you. Don't cancel your appointment because of a small blemish.

### ***But I have braces...***

Our retoucher can even remove braces! There is an extra charge for this service, but sometimes it's better than waiting for braces to be removed.

### ***How long will it take to get my portraits back?***

Orders will be ready within six to eight weeks from the date of order.

## Portrait Finishes

We offer three finishes on our portraits 11x14 and larger.

**Majestic** is our finest retouched portrait mounted onto heavy artboard and sealed with a lacquer spray.

**Regal** is our finest retouched portrait mounted onto canvas board or masonite and sealed with a lacquer spray.

**Imperial** is our finest retouched portrait which is stripped from the paper backing and mounted to canvas. Then the canvas is stretched over a wooden stretcher frame. Acrylic brush strokes are painted onto the portrait to give it an "oil portrait" or painted look.
